CMDF Chairman's Message

Dear Colleagues,

One of the missions of the Christian Medical and Dental Fellowship is to encourage, train and equip Christian doctors and dental surgeons in their professional lives as well as spiritual formation.

The First Regional Combined Medical and Dental Conference is a milestone in this direction. You will have opportunity to interact with world class experts in their fields and fulltime practitioners in global Christian Health Ministries at this conference.

We warmly welcome you to be a part of this CME which will certainly enrich and educate us beyond the boundaries of human knowledge and scientific disciplines!

Dr Goh Wei Leong
Chairman, Christian Medical and Dental Fellowship

Committee Chairman's Message

It is with great pleasure that I invite you to the first Regional Combined Medical and Dental Conference in Singapore.

We in the medical and dental professions are in a privileged position to administer care and comfort to the suffering. The challenges we face daily include seeing the realities and nature of diseases first hand and having to make sound and appropriate decisions on the treatment and management. With rapid advances in medicine and dentistry, we often pursue our passion in a particular area of practice. This conference aims to provide multidisciplinary updates under one roof to empower our doctors from all walks of specialties and general practice alike. This is reflected in our theme "Doctors in Missions: Updates in Medicine and Dentistry 2006".

The Program covers a wide range of topics of interest that spans across specialties and disciplines. There will be sessions on medical (Cardiology, paediatrics, endocrine, eye, gastroenterology, urology, infectious disease, respiratory, oncology, aesthetics), surgical (surgery, orthopaedics, ENT) and dental sessions and various workshops to get hands-on experience. There will also be exhibition booths to showcase the latest products and technology.

We hope this will be an opportunity for intellectual pursuits, a time to fellowship and share existing bonds and building new ones, as well as a time to support and encourage our doctors who are engaged full-time in social, humanitarian and medical missions with bona fide Christian agencies in third-world countries through our friendship, donations and sponsorships.

Yours Sincerely,

Patrina Wong
Chairman, Conference Committee

Tentative Programme

Thursday 2nd November 2006

4pm-7pm Registration
8.00pm Welcome Reception
